In the event that the absences are excused, the student may take a classification exam.
7. The annual (interim) mark assessment from educational classes determined by the teacher, or obtained as a result of the classification exam, is final and is subject to the situation when the students or his parents raise objections to the pedagogical director, considering that the annual (half-year) classification of educational classes or the yearly classification of behaviour has been determined contrary to the legal provisions regarding the mode of determining this assessment.
